

**** UPDATE 13TH MAY 2020 ****

BoultonCooper are pleased to announce that following the easing of lockdown restrictions the property market is once again **OPEN** for business. This is a significant boost for positivity in the wider economy.

Whilst this is fantastic news for anyone wishing to **BUY, SELL, LET OR RENT**, it goes without saying that the health and safety of our staff and clients is by far and away the most important thing.

We will be undertaking risk assessments for all our offices in the next few days to ensure that each office is compliant with the social distancing guidelines. We are also clarifying the guidelines that will enable us to offer safe viewings. Once these measures are in place, we will start the process of opening our doors to the public. We will keep you updated as to our date for re-opening. In the meantime, our offices are all **'VIRTUALLY OPEN'** and our agents can be contacted by email and phone.

We will be personally updating our active clients as to what this means for them over the coming days. We will be happy to answer any queries that you may have in regard to the market conditions and our ability to act for you in a safe and responsible manner.

We are excited to resume business and re-engage with our clients both past and current. We look forward to doing what we do best; offering **FIRST CLASS** property services across North Yorkshire.

With kind regards and Keep Safe

BoultonCooper
